THE HONORABLE ROBERT J. BRYAN
MAGISTRATE JUDGE J. KELLEY ARNOLD

UNITED STATES DISTRICT COURT
WESTERN DISTRICT OF WASHINGTON
AT TACOMA

RONALD and DEBORAH KEAL,

Plaintiffs,

v.

THE STATE OF WASHINGTON, *et al.*,

Defendants.

NO. C05-5737RJB

DECLARATION OF DEVON SCHRUM

I, DEVON SCHRUM, make the following declaration:

1. I have knowledge of the facts herein, am over eighteen years of age, and am competent to testify to such facts. I am not a Defendant in this lawsuit.

2. I am the Acting Grievance Program Manager in the Office of Correctional Operations, Washington State Department of Corrections (DOC), Olympia, Washington. My official duties include responding to questions regarding the inmate grievance program statewide, reviewing grievances appealed to Level III, reporting to courts and Department of Corrections officials on the status of the grievance program, and other duties related to this program. I have held this position since April 10, 2006.

1 3. The Washington Offender Grievance Program (OGP) has been in existence since
2 the early 1980's and was implemented on a department-wide basis in 1985.

3 4. Under Washington's grievance system, an offender may file a grievance over a
4 wide range of aspects of his/her incarceration. Inmates may file grievances challenging 1)
5 Department of Corrections institution policies, rules and procedures; 2) the application of such
6 policies, rules and procedures; 3) the lack of policies, rules or procedures that directly affect the
7 living conditions of the offender; 4) the actions of staff and volunteers; 5) the actions of other
8 offenders; 6) retaliation by staff for filing grievances; and 7) physical plant conditions. An
9 offender may not file a grievance challenging 1) state or federal law; 2) court actions and
10 decisions; 3) Indeterminate Sentence Review Board actions and decisions; 4) administrative
11 segregation placement or retention; 5) classification/unit team decisions; 6) transfers; 7)
12 disciplinary actions; and several other aspects of incarceration.
13
14

15 5. The Washington grievance system provides a wide range of remedies available to
16 inmates. These remedies include 1) restitution of property or funds; 2) correction of records; 3)
17 administrative actions; 4) agreement by department officials to remedy an objectionable condition
18 within a reasonable time; and 5) a change in a local or department policy or procedure.
19

20 6. The grievance procedure consists of four levels of review:

21 Level 0 - Complaint or informal level. The grievance coordinator at the prison receives a
22 written complaint from an offender on an issue about which the offender wishes to pursue a
23 formal grievance. At this complaint level, the grievance coordinator pursues informal resolution,
24 returns the complaint to the offender for rewriting, returns the complaint to the offender
25 requesting additional information, returns the complaint to the offender because it is a non-
26

1 grievable issue, or accepts the complaint and processes it as a formal grievance. Routine and
2 emergency complaints accepted as formal grievances begin at Level I, complaints alleging staff
3 misconduct are initiated at Level II.

4 Level I - Grievances against policy, procedure, or other offenders, and grievances
5 processed as emergencies. The local grievance coordinator is the respondent at this level.
6

7 Level II - Appeal. Offenders may appeal Level I grievances to this level. Staff conduct
8 grievances are initiated at this level. All appeals and initial grievances received at Level II are
9 investigated, with the prison superintendent being the respondent.

10 Level III - Appeal. Offenders may appeal all Level II responses except emergency
11 grievances to Department headquarters in Olympia, where they are reinvestigated. Administrators
12 are the respondents.

13
14 7. When offenders appeal a grievance through Level III, they have exhausted the
15 grievance process. When offenders abandon a grievance before appealing through Level III, they
16 have not exhausted the grievance process.

17 8. Ronald Keal, DOC # 945319, is a Washington State inmate currently incarcerated
18 at the Washington State Penitentiary (WSP) in Walla Walla, Washington.

19 9. Mr. Keal filed one hundred and eight (108) separate grievances between May 25,
20 2003, and January 4, 2006. A true and correct copy of Mr. Keal's grievance history is attached to
21 this declaration as Attachment A.
22

23 10. It is my understanding Mr. Keal's complaint raises claims pertaining to medical
24 treatment received or denied by staff, excessive use of force by staff, denial of religious diet and
25 other religious rights, denial of legal access, retaliation and harassment by staff, slurs by staff, and
26

1 denial of visiting privileges. All of these issues are grievable under the Department of
2 Corrections' grievance system.

3 11. It is my understanding that Mr. Keal's complaint also raises claim pertaining to his
4 placement in segregation or on intensive management status, arbitrary disciplinary infractions and
5 hearings, and failure to properly investigate grievances. Those issues are not grievable through
6 the Department of Corrections' grievance system, as they all have their own appeal system.
7

8 12. I have reviewed Department of Corrections' official grievance records
9 concerning Mr. Keal, and I have determined he exhausted the grievance process on thirty-six
10 grievances between May 25, 2003, and January 4, 2006.

I WANT TO GRIEVE: *medical Allen Hayter for official staff misdiagnosis / medical indifference on 8-18-03 at 10:05 am sick call when being seen by Mr. Hayter. I asked why my 8-13-03 HSR for my diet has no concentrated sweets but no HS snack all due to documented history by numerous dietitians and medical staff of severe hypoglycemia. He stated that every other medical personnel (including doctors) have made a mistake and other than my word, there is no documentation of hypoglycemia. When questioning him as to whether he had contacted Diane Marx at (JSP) who directed me to refer them to her, 5 prior HSR's, and specific dates of numerous low blood sugar testing. He refused to acknowledge these documented facts and walked out of the office, thus, refusing me treatment by attempting to order staff to see me out of medical. Mr. Hayter is not a dietitian, a medical practitioner or doctor. He is a pharmacist who is far from qualified and is placing my life in danger or severe injury. My blood sugar between night and morning drops extremely low between 18-60's which is well documented as I come from a family of diabetics. Trading, borrowing, loaning is against policy therefore I cannot obtain proper supplement to sustain an adequate blood sugar level. This is a risk to not only my health but the security of the institution as symptoms may render me unconscious, hot/cold flashes, shakes, blurred vision, which also leaves one as myself vulnerable.*

I am requesting my diet w/ HS snack adequate medical treatment. There is no dietitian at CBCC...

D. Sims RN researched your grievance. Mr. Sims states;

On 07/24/03 P.A. Ellis wrote you an HSR to report to Medical for a blood sugar check when you fell that it is low. On 08-19-03 she extended your HSR for another month.

Please use the HSR so we can document your problem and determine an appropriate treatment.

I WANT TO GRIEVE: Medical Allen Hayter for official staff misconduct/medical indifference on 8-18-03 at 10:05AM... This is in response to level on grievance-on or about 9-2-03 when seeing Mr. Hayter at sick call I was told that no where in my medical records were there any documentation of hypoglycemia other than my word in my files. This is blatant lie! When referring him to dieticians Madelyn Neff and Diane Marx as well as other notes he proceeded to tell me that he was more authorized to give a dietary diagnosis being higher in the medical field than them both. He went on to state that Ms. Marx gives unnecessary diets and was not well trained in her field. Prior to this when in general population between 8-14-03 and 8-26-03 at medical when he alleged not documentation I showed him in my records Aug. of 200 at (WSR) Sept. & Oct. of 2001 at (WSP). He immediately jumped up requesting the staff escort me from medical as a very unprofessional show of behavior once truth revealed. I have been tested numerous times by numerous dietitian coming up w/ the same diagnosis (hypoglycemia). Appropriate treatment has already been diagnosed prior to arrival at CBCC-RN Sims has not truly investigated nor has he consulted w/any prior dieticians in order to approximate their diagnosis. CBCC Med. Staff are negligently operating.

Sharon Morgan, Health Care Manager, investigated your grievance. During the investigation your health record was reviewed.

The information gathered indicates that your laboratory blood tests from previous institutions, as well as those performed at CBCC have indicated normal glucose levels, and urinalysis have indicated no sugar or blood in your urine. You have been provided with an HSR, to allow a nurse to perform a blood test any time you feel you have symptoms of hypoglycemia. Follow up with Dr. Hopfner will occur in the near future, and you can also utilize the sick call process if you have concerns.

No further action is anticipated.

I WANT TO GRIEVE: medical Allan Hayter for official staff misconduct/medical indifference on 8-18-03 at 10:05pm and continuing.

Ms. Sharon Morgan's response in fact fraudulent my medical records show numerous episodes of hypglycemia documented from 1999 up to even at this facility w/a glucose level of (18) tested by RN Long. If there was no blood in my urine why does the test on 8-25-03 w/J. Joseph 7:00am show blood in my urine. Then I find it quite interesting that it took over 2 months for an investigation into this medical problem which shows negligence by delay of treatment yet, there still has been none. Simply because there may not have been blood on the day Ms. Morgan requested tests, does not mean there was not or hasn't been blood in urine before or since only at that moment.

I have reviewed your initial grievance as well as all subsequent appeals and responses. The Medical Director at DOC Headquarters also reviewed this matter.

The medical staff reviewed your blood sugar levels in the chart and found them to be normal. They gave you a Health Status Report (HSR) so that you can present to the nurse immediately if you have symptoms that suggest low blood sugar. Finally, they are providing follow up care for this issue. Though the staff was unable to find the low blood sugars in the past that you allege, even if they were to find them, nothing would change in medical care. What is important is that the medical staff looked for, and did not find, any current evidence of low blood sugar or risk to you.

I concur with the previous responses.

Sgt. Buttram investigated your grievance. During the investigation he interviewed C/O Prater-Brown and I/M Keal. Also policy 590.500 was reviewed. The information gathered indicates that you cannot have all your legal work with you while you are in IMU. However, if you are working on an active case then you must follow the proper procedures to obtain access to your legal work. After being released from IMU, you are allowed in your cell at any given time two boxes of legal work. You must talk to your counseior to make arrangements for the storage of any excess boxes of legal work. I find no misconduct on behalf of C/O Prater-Brown. There will be no further action taken.

Kathleen Kaatz - he response is inadequate I have produced documentation recently yet, still have not been provided access to my legal documents especially the (3) legal boxes confiscated by C/O Brown which has caused me to miss a few deadlines. One in particular was on 9-12-03 Dist. Cr. #C03-5296FDB therefore, how can Ms. Kaatz say that there has been no misconduct by C/O Brown when I have suffered injurious damage to my case due to the fact that she has held my legal documents pertinent to my case? Furthermore, she knows that I will not be going back to general population for I am pending transfer and still being denied access to the courts.

I have reviewed your initial grievance as well as all subsequent appeals and responses. You have provided no new information or evidence that would cause me to amend the previous responses.

There is nothing to support your allegation that the institution or any staff denied you access to your legal property. You were allowed access to legal property within policy limitations. You did not demonstrate that those policy limitations affected your reasonable access to the courts.
